

How was 2018 for Arab Billionaires?

2018 has been a tough year for Arab billionaires, as the majority had their fortunes slumped during the last months.

Forbes Middle East highlights the changes in the Arab billionaires' net worth since Forbes has released its annual billionaires ranking in March till 27th of December according to Forbes Real Time Net Worth.

The aggregate amount of billionaires' fortunes witnessed a 11.4% drop to hit \$65.5 billion compared to \$73.9 Billion. The Emirati billionaire Hussain Sajwani's net worth has seen the biggest decline, as it dropped sharply to \$1.9 billion compared to \$4.1 billion.
